## Attaching Side Panels to the Cabinet

2

- Line up side panel with the cabinet.

- Open the Cabinet doors - in each side there are 4 screw holes.

3

- Use a screwdriver to attach the side panels to the cabinet.

(If using an electric screwdriver be careful not to over-tighten as this may cause damage)

- Check panels are securely attached to the cabinet.

- Attached Cabinet to wall before re-installing the glass shelves.

Door hinges may need slight adjustment to realign doors after transit and handling.
