

Urban Crete

SILICA FREE STONE
VANITY TOP
FULL DEPTH

- 20 mm thick, 465 mm deep
- Silica free (defined as containing less than 1% crystalline silica)
- Non-porous surface with higher stain resistance than natural stone
- Resistant to heat, chemicals, moisture, chips and cracks
- Hygienic, easy to clean and maintain
- Patterns may vary in appearance like natural stone
- Full benchtop only – tap hole and basin hole cuts may attract additional charges
- Suitable for use with above counter, semi-inset and undermount basins
- Can be installed with any tap hole position

1200 mm slab shown

Cleaning & Care

- Wipe with a clean, soft cloth and mild soapy water or non-abrasive bathroom cleaner. Test in an inconspicuous area before cleaning the whole top.
- Avoid placing hot objects, such as hair straighteners, on any surface as these will cause discolouration and marking.
- Spills of hair dye, after-shave lotion, nail polish and remover, aerosol spray and other harsh chemicals should be removed immediately to prevent damage and discolouration. Clean immediately with mild soapy water using a clean, soft cloth.

We aim to ensure that specifications are correct at the time of publication. All measurements are shown in millimetres. Always use measurements of actual product received for final specification as the technical drawing may contain differences. Due to printing limitations, physical colour may vary from the image shown. Fienza reserves the right to make modifications without prior notice.
